

The top diagram shows a cross-section of a wide street with multiple lanes. It includes sidewalks (Andén) on both sides, green-paved zones (Zona Verde), and a central separator (Separador). Trees are planted along the sidewalks. The total width is 25.00 meters.

The middle diagram shows a cross-section of a street with a tree on the left and a building on the right. It includes a sidewalk (Andén) on the left, a green-paved zone (Zona Verde), and a central separator (Separador). The total width is 11.61 meters.

The bottom diagram shows a cross-section of a street with a building on the right. It includes a sidewalk (Andén) on the left, a green-paved zone (Zona Verde), and a central separator (Separador). The total width is 13.00 meters.

ÁREAS DE MITIGACIÓN			
PISOS	ÁREA EFECTIVA DE MITIGACIÓN	ÁREA RAMPAS - ESCALERAS	ÁREAS AFECTAS AL USO PÚBLICO
PLANTA BAJA	212.68 M2	25.40 M2	238.08 M2
PRIMER PISO	112.60 M2	23.00 M2	135.60 M2
SEGUNDO PISO	102.22 M2	30.60 M2	132.82 M2
TERCER PISO	159.66 M2	86.55 M2	246.21 M2
CUBIERTA PARQUE	416.42 M2	81.88 M2	498.30 M2
ÁREA TOTAL DE MITIGACIÓN			1,251.01 M2

[illegible]

Diagram illustrating the 'Después' project, showing a red-colored intervention area within an urban context. The diagram includes several labeled zones and pedestrian paths:

- CUBIERTA PARQUE
- TRANSMICABLE ESTACIÓN MANITAS
- RELACION ESTACIÓN - SUPERCADE
- ACCESO PEATONAL SUPERCADE
- ACCESO PEATONAL CASA DE LA COMUNIDAD
- SUPERCADE
